57900 Van Dyke, Washington, MI**

**Tickets are \$10.00 per person and sold in advance
at the Washington Township Hall or available at the door**

All proceeds go to the Stanley Babinski Support Fund

Stanley Babinski, a 2008 Romeo High School graduate was diagnosed with non-Hodgkin's lymphoma and has been battling this cancer since September 2009. Stanley's type of cancer is a fast growing one, has become resistant and changes when the chemotherapy starts to kill off the cancer cells. This aggressive cancer has now spread to Stanley's brain.

Once the doctors control the cancer and begin to win the battle, Stanley will require a Stem Cell Transplant. This treatment will require more aggressive chemotherapy and at least a four-week stay at the University of Michigan Cancer Hospital. As you may realize, expenses directly and indirectly related to his medical condition continue to grow. Our goal is to defray some of these costs for the family.

For donations, please send a check to Hockey has Heart at the address below or donate by credit card on our website at www.hockeyhasheart.com in care of Stanley Babinski.
